

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

TO THE HONORABLE CITY COUNCIL:—

Gentlemen,—The undersigned, Auditor of Accounts, in compliance with the requirements of the ordinance in relation to Finance, herewith submits the annual report of the receipts and expenditures of the

CITY OF BOSTON

and

COUNTY OF SUFFOLK

for the financial year 1879–80, commencing May 1, 1879, and terminating April 30, 1880.

The payments of the City of Boston and County of Suffolk during the financial year 1879–80, drawn for by the Mayor, through the office of the Auditor of Accounts, and amounts allowed for payment by the Auditor of the County of Suffolk, were as follows, viz.:—

On account of the City of Boston,	\$10,760,071 28
On account of the County of Suffolk,	292,495 55
	<hr/>
	\$11,052,566 83

To which add debt paid with money received from Board of Sinking Fund Commissioners and the cost of redemption of matured Loans,	8,813,797 46
Interest paid on City Loans,	\$1,670,147 66
Cochituate Water Loans,	643,037 93
Mystic Water Loans,	63,865 00

State Tax,	206,370 00
County of Suffolk,	3,645 27
Other payments by the Treasurer, which did not pass directly through the Auditor's office, the details of which may be found under the head of Auditor's Aggregates, and in the Treasurer's report,	690,010 22
	<u>\$18,624,020 72</u>

These payments, as shown by the Auditor, present the following results as divided between the city and county, viz. : —

City of Boston,	\$18,327,879 90
County of Suffolk,	296,140 82
	<u>\$18,624,020 72</u>

The actual payments, as shown by the annual report of the City and County Treasurer to the City Council, were as follows, viz. : —

On account of the City of Boston,	\$18,327,406 70
On account of the County of Suffolk,	296,112 62
	<u>\$18,623,519 32</u>

Add to which the checks drawn by the Auditor of Accounts on account of the City of Boston (\$473.20) and County of Suffolk (\$28.20) during the year, but not paid,

501 40

We have the total, as given by the Auditor, of \$18,624,020 72

The Treasurer reports that the cash balance in the Treasury, April 30, 1879, was \$2,489,784 27

Balance in the Treasury April 30, 1880, \$3,981,882 42

This Treasury balance of \$3,981,882.42 is subject to the following payments, viz. : —

Balances of appropriations carried to 1880-81,	\$3,521,589 80
To meet the tax appropriations of 1880-81, being the amount derived from the balances of appropriations, excess of revenue and of licenses revenue over expenditures, at the close of the financial year 1879-80, April 30, 1880, viz. : —	445,781 81
Sundry items shown under the head of Treasury aggregates and balance,	14,510 81
	<hr/>
	<u>\$3,981,882 42</u>

The actual expenditures of the city and county, including the amount of the percentages taxed and paid to the Board of Commissioners on the Sinking Funds as required by law, State Tax, Liquor Revenue paid to the State, and Soldiers' Relief payments, less the Temporary Loan, borrowed and paid, and other items, are shown as follows, viz. : —

City of Boston payments in gross,	\$18,327,879 90
Less payments of City Debt, Temporary Loan, to Sinking Fund Commissioners, Bank Tax to State, and sundry items, details of which are given under payments, page 16,	6,423,622 52

We have the total actual expenditures of the City of Boston, 1879-80,	\$11,904,257 38
Add County of Suffolk expenditures, 1879-80,	296,140 82

We have the actual expenditures of the City of Boston, and County of Suffolk, for 1879-80,	\$12,200,398 20
Against, in 1878-79,	\$12,505,748 91

The expenditures for the County of Suffolk 1879-80, it appears, were \$296,140.82 ; in 1878-79, \$327,833.50, a reduction of \$31,692.68. The revenue, principally court fees of the county, received during the financial year 1879-80, was \$71,515.80 ; in 1878-79, \$62,644.02, a gain of

\$8,871.78. The balance against the county over the revenue received, met by taxation specifically appropriated for the purpose during the year 1879-80, was \$224,585.02, against \$265,189.48 in 1878-79, showing a reduction of \$40,604.46. Of the county payments made during the financial year 1879-80, \$3,645.27 were drawn for by requisitions of the judges of the courts previous to May 1, 1879, \$13,854.89 on the Mayor's draft through the Auditor's Office, May 1, 1879, and \$278,640.66 were allowed for payment by the undersigned, acting as the Auditor of the County of Suffolk, under authority of Chap. 256 of the Acts of 1879, which took effect May 1, 1879, by whom all accounts are to be examined, audited, and allowed for payment prior to their being paid by the Treasurer.

There is remaining in the Treasury, resulting from the regular transactions of the financial year, April 30, 1880, derived from the excess of revenue for liquor licenses over the expenses attending the issuing of the same, \$159,614.10; excess of taxes and other income over estimated receipts, \$172,013.62; balances of appropriations unexpended at the close of the year, \$114,154.09, making a total of \$445,781.81, to be used toward meeting the expenditures for the financial year 1880-81. The Auditor, in his estimates submitted to the City Council in print, March 3 last, estimated that there would be derived from these sources \$333,000. The increase of the actual amount remaining in the Treasury for meeting the wants of 1880-81, over that estimated, was caused principally by the more prompt payment of taxes during the months of March and April than was anticipated, and of course leaving the amount of outstanding taxes so much less, and the receipt of some \$25,000 from books sold by the School Committee, not calculated upon.

The excess of the Cochrute Water Works Revenue over expenditures and interest on outstanding loans for the year ending April 30, 1880, which was paid to the Board of Commissioners on the Sinking Funds, and placed in the Sinking Fund for the special redemption of loans issued for defraying the cost of the works, was \$214,707.24, and the excess

derived from the Mystic Water Works for the same period, and paid to the Commissioners, to be placed in the Mystic Water Works Sinking Fund, was \$52,998.06.

The net receipts from the taxes levied and due in 1879, and those outstanding of previous years, are in excess of the amount required from both, by \$65,377.28; the revenue from this source having been paid in with even more than the usual promptness. Care should, however, be taken that this disposition of our citizens to pay their taxes promptly is not placed beyond their powers of compliance by such an increase of taxation as to make it a very great hardship for the owners, particularly of small estates, to earn sufficient, after paying other pressing expenses of living, to meet the same. The tax, the present year, to defray the expenditures of the financial year 1880-81, will be quite a heavy one.

There is nothing more paralyzing to a business community than heavy and burdensome taxation. A good government, prudently, faithfully, and honestly administered, and a low rate of taxation, based on as low a valuation as the law will allow, sufficient for a wise and liberal but not extravagant administration of affairs, are most important elements towards promoting the prosperity of our community. This question of taxation is second to none other in its importance brought before the City Council annually in making the appropriations necessary for the several departments.

The Collector's return presents the following as a comparative statement of unpaid taxes for the last five years, showing that during each successive year a larger percentage of the tax has been paid in up to the date of the report than during the year preceding, viz. : —

Remaining uncollected April 30, 1880, of the levy of 1879, 7.606 per cent.

Remaining uncollected April 30, 1879, of the levy of 1878, 8.383 per cent.

Remaining uncollected April 30, 1878, of the levy of 1877, 8.741 per cent.

Remaining uncollected April 30, 1877 of the levy of 1876, 10.016 per cent.

Remaining uncollected April 30, 1876, of the levy of 1875, 11.176 per cent.

The percentage of old taxes outstanding April 30, 1880, is as follows, viz. : —

Tax of 1874,	.593 per cent.
“ “ 1875,	.934 “ “
“ “ 1876,	.832 “ “
“ “ 1877,	.999 “ “
“ “ 1878,	1.301 “ “

The following is an exhibit of the total uncollected taxes of the city, dating from its establishment, in 1822, to May 1 1880 : —

Poll taxes, from 1822 to 1879–80 inclusive, uncollected,	\$1,632,468 00
Taxes upon property, mostly personal, from 1822 to 1879–80 inclusive, uncollected,	205,152 99
Taxes upon property, from 1869 to 1879–80 inclusive, in Bankruptcy and Insolvency,	37,422 45
Taxes upon property now owned by the United States Government,	20,284 80
Taxes upon property now owned by the City of Boston,	1,505 44
Amount of taxes estimated as collectible,	500,000 00
Total Amount of taxes uncollected April 30, 1880, (see Collector's Report),	<u>\$2,396,833 68</u>

This total is divided thus : 68% poll, and 11% real and personal taxes ; 21% is estimated collectible.

The assesment of taxes to defray the expenses of the City of Boston and County of Suffolk for the financial year 1879–80, less the revenue to be received from other sources ; also, to pay the State Tax levied on the City of Boston, 1879, was : —

Tax Levy, 1879, including supplementary bills,	
\$3,107,	\$7,675,353 01
Bank Tax, 1879,	173,123 48
Total Tax Levy, 1879,	<u>\$7,848,476 49</u>

Collections to April 30, 1880, inclusive,	\$6,992,282 70
Bank Tax received,	173,123 48
Abatements	99,323 53
Outstanding,	583,746 78

\$7,848,476 49

Total Collections : —

Account of 1879 taxes,	\$6,992,282 70
Account of Bank Tax 1879,	173,123 48
Account of 1878 and previous years,	587,329 89

\$7,752,736 07

The Board of Commissioners on the Sinking Funds, for the payment or redemption of the debt of the city, paid, through the Treasurer of the city, during the financial year ending April 30, 1880, \$3,812,690.87 of debt; the certificates of which were cancelled and filed in the Auditor's office as follows : —

Paid at maturity : —

City Loans,	\$2,920,950 00
Cochituate Water Loans,	684,000 00
Purchased with revenue set apart for the purpose and cancelled — City Loans,	142,000 00
Consolidated Street Improvement Sterling Loan purchased in London, according to contract,	59,740 87
Due previous to 1879-80, but not called for until 1879-80, —	
City Loans,	\$4,000 00
Cochituate Water Loans,	2,000 00
	<hr/> 6,000 00
	<hr/> \$3,812,690 87

The cost of redeeming the *matured* debt, as stated above, was \$1,106.59, paid for exchange on remittances to London.

Of the debt which became due 1879-80, there remains unpaid, not called for, on which interest has ceased, \$77,500; due in 1873-74, \$1,000; due in 1876-77, \$7,000; total, \$85,500.

This is the largest amount of debt ever paid directly by the city in one year, with moneys not borrowed for its accomplishment, and its payment is the result of the successful workings of the wise provisions made for that purpose at the close of the year 1870; previous to which, when large amounts of debt became due, they were paid by the issuing of renewal loans.

The debt statement shows that the *gross funded* debt, April 30, 1880, was \$42,030,125.36, against \$42,359,816.23 at the same date last year, — a reduction of \$329,690.87. The debt, less the means for paying the same, April 30, 1880, was \$27,842,104.28, against \$26,229,665.81 at the same date last year, — an increase of \$1,612,438.47. This great increase of the debt, less the means for paying the same, is in consequence of the using of the cash in the sinking funds for the payment of the large amount of debt which became due, and at the same time funding the loans which had been authorized by the City Council, \$2,853,000 of which was for purposes other than for water works, \$1,967,000 being under orders passed in 1877; \$41,000 in 1878; \$525,000 in 1879; \$320,000 in 1880, and \$630,000 for the Cochituate Water Works, of which \$350,000 was for additional supply works, and \$280,000 for a new main to the city. There is to be added to the *gross funded* debt the balance of the loan authorized by the City Council of August 9, 1877, not negotiated, of \$1,055,000 for improved sewerage.

Of the debt paid, \$3,306,000 were bearing 6 per cent. interest, \$426,540.87, 5 per cent.; \$11,000, 4 per cent.; \$10,000, 6½ per cent., and \$59,000, 7 per cent. Of the new loans issued, \$1,000 bear 6 per cent. interest; \$27,000, 5 per cent.; \$718,000, 4½ per cent., and \$2,737,000, 4 per cent., making \$78,720 less interest to be raised annually by taxation.

The City of Boston, at this date, under the one per cent. clause of the Municipal Indebtedness Act of 1875, a most timely, wholesome, and judicious restraining law, can borrow only \$914,618. This right being exhausted, the 3 per cent. restrictive clause of the act takes effect, which is, that cities

and towns shall not be indebted, less the sinking funds for meeting its payment, more than 3 per cent. for purposes other than for water works, on the last preceding valuation of the cities and towns of the Commonwealth. It will depend on the valuation of the city by the assessors the present year, and the amount of the contributions to the sinking funds, whether any more money can be borrowed than is allowed by the one per cent. clause. After borrowing \$914,618, the restrictive provision of the act takes effect on indebtedness other than for water purposes, and, with the valuation of the city last year, the debt will be \$1,053,510.04 in excess of 3 per cent. on that valuation, as exhibited by the following table:—

Gross funded debt, April 30, 1880,	\$42,030,125 36
Less gross Water Debt, April 30, 1880,	12,850,273 98
Leaving gross debt other than for water purposes,	\$29,179,851 38
Less sinking funds, for its redemption and payment,	11,696,278 61
Leaving funded debt, other than for Water Debt, less means for paying it,	\$17,483,572 77
To which add balance of Improved Sewerage Loan authorized by City Council, not negotiated,	1,055,000 00
The remaining right to borrow under the one per cent. clause of the Municipal Indebtedness Act,	914,618 00
We have a total of	<u>\$19,453,190 77</u>
The valuation of the city, May 1, 1879, was	\$613,322,691 00
Three per cent of which is	18,399,680 73
Debt other than for water purposes, less the sinking funds to meet the same,	\$19,453,190 77
Right to issue under the three per cent. clause of Municipal Indebtedness Act, on valuation of May 1, 1879,	18,399,680 73
Excess of right,	<u>\$1,053,510 04</u>

The statement of the Treasurer of the Board of Commissioners, which is contained in this document, furnishes an account of the transactions of said Board, and the condition of the funds held by them. The following tables give a clear exhibit of the payment and creation of debt, with the means of redeeming the same with the Sinking Funds, and other means pledged for its redemption : —

STREET WIDENINGS, ETC.

The street widenings and extensions effected by the Board of Street Commissioners during the past fiscal year are as follows:—

Commercial street widened from Eastern avenue to Charles-river bridge, at an estimated cost of \$473,390; South street

widened from Summer to East street, at an estimate of \$119,750; Essex street extended from South to Federal street, for \$50,865; Commonwealth avenue extended to Beacon street, \$35,619.50; Mercantile street opened from Clinton to South Market street, \$33,000; Newbury street extended from Hereford street to West Chester park, \$19,036; Weston street opened from Cabot street to Madison square, \$16,400; Essex street widened, at the corner of South street, \$9,955; widenings upon Lincoln street, between Bedford and Essex street, \$9,110; Washington street widened opposite Eustis street \$8,600; Auburn street extended to Poplar street, \$5,678; Columbia street relocated between Blue Hill avenue and Washington street, \$4,771; Blue Hill avenue relocated between Warren and Columbia streets, \$4,502; Harwich street laid out from Dartmouth to Yarmouth street, \$4,490.62; Minden street laid out from Heath place to Bickford street, \$4,133; Washington street widened opposite Franklin street, \$3,488; widening at the junction of Warren and Dudley streets, \$2,410; relocation of a part of Washington street, Brighton District, \$1,611.50; Adams street relocated between Ashmont and Minot streets, \$1,528.25; Warren street relocated near Blue Hill avenue, \$1,096.13; West Cottage street widened, at the corner of Blue Hill avenue, \$1,000; Anawan avenue extended to Park street, \$735.67; Preble street widened, \$690; Cambridge street, Charlestown District, widened, \$412.53; Dickens street widened, \$339.60; Dorchester avenue widened, corner Dorchester street, \$270; Norfolk street widened, at Mat-tapan, \$112.80; and South street, at West Roxbury, re-located, at its junction with Washington street, for \$50. The total of the foregoing estimates is \$813,044 60. The Street Commissioners have also widened Tremont street between the Boston and Providence Railroad crossing and Parker street, have relocated Wayne street, and have widened Harrison avenue at the church estate, formerly belonging to the city, at the corner of Beach street, at no estimated expense to the city for land damages.

The streets that have been laid out or accepted where the fee, and, in most cases, any grade damages that may have been occasioned, have been released to the city, the grading to be done by the city, are, in the city proper, Knapp street from Beach street to Harrison avenue, Marlborough street from Hereford street to West Chester park, Newland street from West Newton to Rutland street, Gloucester street from Commonwealth avenue to Boylston street, Tamworth street (formerly Lowell place), and in the territory bounded by West Newton street, Huntington avenue, West Chester park

and the Boston and Providence Railroad, streets severally named St. Botolph, Albemarle, Blackwood, Cumberland and Durham; in the South Boston District, Bolton street from F to Dorchester street, Ellery street from Swett to Boston street, and Preble street from Dorchester avenue to Rogers street; in the Roxbury District, Delle avenue, Phillips street, Dorr street, Elnore street, Clarence street from Dudley to George street, George street from Magazine to Shirley street, Crawford street extended to Walnut avenue, and Howland street; in the Dorchester District, Wheatland avenue, Milton avenue from Norfolk to Fuller street, Lawrence avenue, Downer avenue, Bowdoin avenue, and Eldon, Rockwell, Ware, and Dickens streets, in the West Roxbury District, Albano and Birch streets and Anawan avenue, and in Brighton, Rockland street and Farrington avenue.

Parker street has been discontinued from Commonwealth avenue to Beacon street, and discontinuances have been made from the highway on Tremont street between the crossing of the Boston and Providence Railroad and Parker street, — in exchange for land mentioned above as taken at that point to widen Tremont street, — and upon Norfolk street at its junction with Blue Hill avenue at Mattapan.

NEW PUBLIC BUILDINGS.

GEORGE A. CLOUGH, *Architect.*

ENGLISH HIGH AND LATIN SCHOOL BUILDINGS. — Since the last report the following contracts, which enter into the construction of the buildings on Warren avenue and Montgomery street, have been awarded by the Committee on Public Buildings:—

That for the carpenters' finishing, to Leander Greeley; steam-heating, to Frederick Tudor & Co.; ventilation, to Moses Pond & Co.; plastering and stucco work, to J. H. Davis; painting and setting the glass, to W. J. McPherson; furnishing the glass, to Hills, Turner & Co.; laying the tile floor, Bowker, Torrey & Co.

This completes all the contracts necessary for the construction of the buildings, except that for the plumbing, which will be awarded during the present month.

The progress of the work during the last season has been somewhat delayed in consequence of the scarcity of iron which entered so largely into the construction of the stair-

cases and the steam-heating apparatus, but it is confidently expected that the building will be ready for occupancy by Oct. 15 of this year. Amount expended to May 1, 1880; for land, \$280,000; buildings, \$327,211.76; total, \$607,211.76.

POLK-STREET PRIMARY SCHOOL-HOUSE, PRESCOTT DISTRICT.—This building is located on Polk street, Charlestown, and contains six rooms, three on each floor, arranged with two at the rear and one at the front, with entrances and staircases each side. The character of the design is of Gothic architecture, constructed of brick, trimmed with sandstone, with granite underpinning; the yard contains about 13,000 square feet, having a frontage on Polk street of about 100 feet, paved all round with brick, with brick walls at the boundary lines. The building is finished in pine, grained in imitation of oak, this being considered the best for durability and school-house work. The heating of the building is by steam on the indirect system; the means of ventilation is by two large metal ducts of about 14" capacity, which are conducted to a large ventilating tower on the roof. The contract for the mason-work was awarded to Donahue Bros., that for the carpenter-work to Murphy Bros., and that for the steam-heating to Wm. E. Bartlett. Cost of building, \$28,485.35.

POLICE STATION-HOUSE NUMBER SIX.—This much-needed improvement has been contemplated for more than four years, but was deferred in consequence of a doubt in the minds of the committee whether it would be better to dispose of the old property and erect new elsewhere, or to remodel the old structure; and it was finally decided by the Committee on Police, in the spring of 1879, at which time it was also decided to purchase the adjoining estate in the rear, fronting on Athens street, to convert that building into additional accommodations for the patrolmen, and for a covered way to receive the prison van. The space between the front and rear estates was filled in and built up to accommodate additional cells (and to join the two estates), there being seven new cells obtained, by placing them in three tiers of six in each tier. The old guard room was enlarged, an entirely new first floor put in, enlarged quarters for the captain and officers provided, and the whole repainted and refitted throughout. Contractors for the reconstruction were Rumery & Maxwell; for the steam-heating, Braman, Dow & Co.; and the whole cost of the alteration, including the purchase of the estate in the rear, was \$19,995.16.

ADDITION TO THE HOUSE OF INDUSTRY, DEER ISLAND.— This addition consisted of a brick extension of 50 feet to the main or eastern wing of the institution, and four stories in height, giving 2,500 square feet of increased floor surface to each floor. The first floor is devoted to an enlargement of the bathing accommodations; the second floor to workshops; the third floor to additional officers' rooms, adding seven in all; and the fourth and upper floor to a new hospital, which was very much needed; the former building, a wooden annex to the brick end, has been in a most dilapidated condition for years, so much so that the storms beat into it. The work was done by employing a few skilled mechanics by the day, the labor being performed principally by the inmates of the institution. All the materials used in the construction were advertised and contracted for, to be delivered at the Island. Cost of the addition, \$15,989.90.

ADDITION TO THE PAUPERS' INSTITUTION AT THE AUSTIN FARM.— The addition was made in the form of a wing, and set about 30 feet away from the southerly end of that portion of the building erected three years ago, and is protected from fire by means of a brick wall in the end of the addition nearest the old building. A driveway is provided between the new wing and the old building, and the two are connected by means of a one-story bridge or passage-way on a level with the first floor. The area covered by the addition is about 3,000 square feet to each floor, and is three stories high. The basement is used for a laundry, storage purposes, and a general bath-room; the first and second stories for dormitories, sitting-rooms, etc.; and the third floor for dormitories and hospital. Each story, including the basement, has a separate bath-room with water-closets for the inmates.

The addition is built of wood, plainly finished on the inside, the exterior finish conforming to the old institution. The work was let in one contract, except the heating, to Creesy & Noyes, the steam-heating to Walker & Pratt Mfg. Co. Cost of addition, \$14,998.99.

NEW BARN AT AUSTIN FARM.— The old barn formerly belonging to the Austin Farm was a small building, and more of the nature of a carriage-house, and totally inadequate to the needs of a farm; the hay which was cut yearly upon the premises it was found necessary to store elsewhere; also, on account of the near proximity of the barn to the dwelling-house, great insecurity was felt from danger by fire, and it was decided in the spring to move the old building a distance of 150 feet to the west side of the main building, and to erect a new barn adjoining it of sufficient capacity to accommodate

the farm; consequently a new brick basement was erected, the old carriage-house moved upon it, and a new building measuring 55' by 40' erected, which will contain about 50 tons of hay, besides all the stock; the new brick cellar being used for the storage of the vegetables and fruit, etc., raised upon the premises. Cost, \$2,348.99.

ADDITION TO MARCELLA-STREET HOME. — The addition being made to this house was for the accommodation of the pauper girls to be removed from Deer Island, and for that of 100 boys. It was at first contemplated to erect a separate building for the girls, and an addition to be made to accommodate the boys; but, after some consideration of the subject, it was found inexpedient to erect a separate building, which would necessitate running separate kitchens and providing a separate corps of officers, and it was therefore deemed best to consolidate the whole into one building, and separate the boys from the girls by means of wings. In this alteration, through the change of location, the advance of prices consequent on delay, and through the enlargement of the accommodations in certain parts over that originally asked for, the original appropriation granted by the government was exceeded about \$20,000; this amount was asked for, and has been granted by the City Council. All the work has been contracted for except the plastering, plumbing, steam-heating, and ventilation, which will be contracted for during the month of June. The addition is being built of brick, trimmed with stone, of the Gothic style of architecture, and is arranged, when completed, with the old building, to form three sides of a hollow square, the square being open to the south; and at this date the roof is just being covered in, and it is expected that the whole will be completed and ready for occupancy by the ensuing October. Total payments to date, \$36,860.58.

PUBLIC WORKS.

HENRY M. WIGHTMAN, *City Engineer.*

WATER WORKS. — *Lake Cochituate.* — The surface of the water in Lake Cochituate was 12 feet 9 inches above the bottom of the conduit on May 1, 1879. The lowest point reached during the year was 5 feet 3½ inches. It stood May 1, 1880, 13 feet 1 inch above the conduit bottom. Water was received in the lake from the Sudbury river 34 days, amounting to 411,300,000 gallons, equal to an average daily supply of 1,126,850 gallons for the whole year, from Janu-

ary 1, 1879, to January 1, 1880. There has been waste at the outlet dam from February 28 to March 13; March 18 to April 28; and from May 2 to 8, 1879, the total waste being 1,523,361,400 gallons, equal to a daily supply of 4,173,600 gallons for the year.

Consumption. — The average daily consumption from the Cochituate Works, for each month of the year 1879, was as follows: —

January,	28,190,200	July,	26,156,900
February,	27,446,300	August,	27,075,100
March,	24,163,800	September,	28,017,800
April,	20,421,800	October,	27,702,600
May,	22,953,800	November,	25,299,200
June,	24,101,200	December,	26,831,900

The average daily consumption for the year 1879 was 25,695,900 gallons, an increase of 10.7 per cent. over that of 1878. From July 23 to December 24 East Boston was supplied from the Cochituate Works.

Of this amount an average of 9,144,900 gallons per day was received from Sudbury river through the new conduit.

The average daily quantities of water pumped by the high-service engines, Roxbury District, in 1879, was 2,248,842 gallons, an increase of 9 per cent. over that of 1878.

About eight miles of pipes were laid by the Cochituate Department during the year, chiefly in the outlying wards.

In Charlestown about 16,800 feet of the wrought-iron and cement pipe were replaced by cast-iron mains; and in most cases the sizes of the pipes were increased.

Statement of the Length of the different Sizes of Pipes laid and Stopcocks put in, during the Year ending April 30, 1880.

STATEMENT OF HYDRANTS DURING THE YEAR ENDING APRIL 30, 1890. — Established: 18 Lowry; 32 Boston; 24 Y; 26 Post; total for the year 100. Abandoned, 31 Boston. Total number of Hydrants to May 1, 1880, 4,144.

Mystic Lake. — From the beginning of 1879 until the middle of June the water in the lake remained near high-water mark, and in fact wasted over the dam nearly the entire time. August 1st the water surface had fallen to 3.75 feet above tide marsh-level; September 1st it had risen to 4.04; October 1st it stood at 3.50; November 1st at 1.51; December 1st at 0.82; December 5th at 0.75, — the lowest point reached since the winter of 1874–75. May 1, 1880, it stood 6.60 feet above tide marsh-level, or 10.77 feet above the bottom of the conduit.

Mystic Pumping-Station. — The monthly averages of the quantities of water pumped daily at this station during 1879 were as follows : —

January,	11,107,772	July,	9,167,762
February,	11,249,473	August,	8,019,371
March,	9,862,872	September,	7,593,205
April,	8,317,422	October,	7,799,641
May,	8,593,343	November,	7,366,607
June,	9,068,279	December,	8,594,221

Making a daily average of 8,884,516 gallons for the year, — an increase of 4.1 per cent. over the quantity pumped in 1878.

The daily average consumption from both the Cochituate and Mystic works during the year was 34,580,400 gallons, an increase of nine per cent. over that of 1878.

From Jan. 1st to July 23d, and from Dec. 24th to 31st, East Boston was supplied from the Mystic works.

Additional Supply. — During 1879 all the work of construction was practically done. The connection of the Sudbury-river conduit with Lake Cochituate has been improved by the construction of five culverts over Spreene and Pond streets; the terminal chamber at Chestnut Hill Reservoir has been finished, and the conduit early in the year was put under the charge of the Superintendent of the Western Division of the Boston Water Works. In Framingham considerable work has been done around Farm Pond to improve its shores and increase its purity; the two new roads between Framingham and Ashland have been finished. Dam No. 2, and an auxiliary timber dam in Reservoir No. 2, have been completed, and granite gate-houses have been built on Dams Nos. 1, 2, and 3.

The total amount of money expended to May 1, 1880, for "Additional Supply," including all expenditures on account of temporary supply, is \$5,217,039.13.

•**PUBLIC PARK, BACK BAY.**—During the past year the work of filling the boundary road has been continued. The filling has been done partially by carts with earth from Parker Hill, partially by the Health Department with ashes, but chiefly by the Boston & Albany R.R. Co., under a contract with the Park Commissioners. The boundary road has been filled for a width of 50 feet, and to grades varying from 14 feet to 20 feet above city base, from the Boylston entrance, around the easterly, southerly, and westerly sides of the park, to the Boston & Albany R.R., with the exception of two short openings across the channel of Muddy river. About 400,000 square feet of the Boylston, Westland, Huntington, Parker Hill, and Longwood entrances have also been filled to an average grade of about 15 feet above city base. Work was begun April 26, 1880, on the filling of the Beacon entrance by the Boston & Albany R.R. Co. under a contract for filling the whole of that entrance in conjunction with the filling of a portion of Commonwealth avenue and adjacent lands. Total cost of land, filling, and expenses to date, \$605,231.60.

ROXBURY CANAL IMPROVEMENT.—The work of filling Roxbury Canal was finished March 26, 1880. The amount of material used was 6,352 squares, for which the city paid \$15,826.20. Hampden street and East Chester park sewers have been extended easterly beyond the line of the park by temporary wooden sewers, built in the canal at a cost of \$1,185. A wall of granite masonry has been built on the easterly line of East Chester park across the canal for retaining the filling. The amount paid for the wall was \$8,815.41. Settlements have been made with all but one of the owners and trustees of the estates taken by the city, for all damages sustained by them, for \$257,514.70. The total cost of the improvement to May 1, 1880, has been \$290,468.07.

• **WESTERN-AVENUE BRIDGE.**—From Brighton district (Ward 25) to Cambridge. A contract dated October 28, 1879, was made with Patrick Kiernan, of Chelsea, for building a new abutment, and another contract dated October 29, 1879, was made with Wm. A. Kenrick, of Boston, for rebuilding and widening the portion of this bridge which is within the limits of the city of Boston. The new abutment is 66 feet 8 inches long, and extends across the whole width of Western avenue. It is a first-class rubble granite wall, laid without mortar on a pile foundation, and cost \$3,572, including the cost of two return walls, 27 feet 4 inches, and 19 feet 4 inches long, respectively. The new bridge is 33 feet wide, 6 feet wider than the old one. It has a roadway 27 feet,

and a foot walk 6 feet in width. The substructure is built with oak piles, and the superstructure with hard-pine timber and floor plank, with a spruce wearing surface. The draw is of the leaf pattern, to correspond with the half belonging to Cambridge. The cost of the bridge was \$6,183.

IMPROVED SEWERAGE. — In constructing the new system of sewerage there has been built to May 1, 1880, 41,513 lineal feet of main and intercepting sewers, or about 8 miles in all. The whole of the main sewer, from Huntington avenue to the pumping-station at the sea-coast in Dorchester, will be completed during the present season. The building of the pumping-station, with its appurtenances, is also well under way. The masonry for the filth-hoist is finished, and the engine-house foundations will be ready to receive the engines by the end of the current year. Two of the latter are now building by the Quintard Iron Works of New York. Two pier walls have been constructed near the pumping-station, and a pier 1,200 feet long, out to the west shaft of the tunnel, is now building. A wharf has been built in the same locality, and a channel by which colliers and other vessels can reach it is now being dredged. The tunnel under Dorchester Bay is also under way; three vertical shafts have been sunk, and the tunnel started from one of them; from the Squantum shore about 400 feet of tunnel has been excavated. The works from Squantum to the reservoir, and the reservoir itself, are under contract, to be completed in about two years. The amount expended to May 1, 1880, chargeable to the appropriation for "Improved Sewerage," is \$1,167,241.03.

NEW STEAMBOAT.

FERRY-BOAT D. D. KELLY. — This new ferry-boat was built for the East Boston Ferries, and is now in the service of the city. She is 148 feet long between outside edges of stern posts on deck, is 57 feet wide amidships, and 12 feet 3 inches deep. The joiner work, such as houses, cabins, and pilot-houses, is in the style of the steamer "Revere," of the same ferry. She has an inclined condensing engine, 40 inches diameter of cylinder, and 9 feet stroke of piston; she has a Knowles letter A steam pump, composition water cylinder, with pipes, valves, hose, and connections for feeding boiler, pumping bilge, and operating as a fire-engine. A boiler, with a drop flue 9 feet 5 inches in diameter, 24 feet in

length, with a steam chimney 5 feet 2 inches diameter by 10 feet in height above the shell of the boiler. She has two iron fresh-water tanks, 4 feet diameter by 18 feet in length. She is also furnished with wrought-iron heating pipes for cabins. She is also provided with gates which fold up, and are let down when she hauls out, thereby serving as guards, to prevent passengers leaving the boat before she is secured to the drop. Her hull was built by Smith & Townsend, and the Atlantic Works furnished her engine and boiler. Contract price for hull, \$16,944, and for the engine and boiler, \$21,986; total cost, \$44,473.48.

I call your attention to the details of the report which follow, and to the statistical information respecting the fiscal affairs and property of the city, taxation, and the condition of the trust funds, which may be found in the Appendix, the whole complying with the requirement of the City Charter, that the City Council "publish and distribute annually, for the information of citizens, a particular statement of the receipts and expenditures of all public moneys, and a particular statement of all city property." The annual reports of the Treasurer and Collector accompany the report.

Respectfully submitted,

ALFRED T. TURNER,

Auditor of Accounts.

APPROPRIATIONS AND PAYMENTS.

CITY AND COUNTY.

1879-80.

Statement of the GENERAL and SPECIAL APPROPRIATIONS made by the City Council to meet the Expenditures of the CITY OF BOSTON and the COUNTY OF SUFFOLK, for the financial year which began with the first day of May, 1879, and ended with the last day of April, 1880, with the revenue added to those appropriations as authorized by ordinance, and balances from 1878-79; also of the payments by drafts made by the Mayor and other authority on the Treasurer against said Appropriations, by which is shown the result of the year, with the balance remaining in the Treasury to relieve taxation for 1880-81.

The excess of Expenditures over the Appropriations was met by Transfers from the Reserved Fund or other Appropriations, duly authorized by the City Council. These transfers are shown by notes at the foot of the pages.

Total amount remaining in the Treasury to reduce taxation for the financial year 1880-81,	<u>\$445,781 81</u>

The above amount of \$445,781.81, resulting from the actual business of the year, remained in the Treasury in conformity with the requirements of the second section of an ordinance to amend an ordinance in relation to Finance, of March 27, 1877; and an order of the City Council of April 10, 1880, provided that it be used towards meeting the appropriations for the financial year 1880-81.

The annual appropriation order of the City Council provides that no money shall be drawn for by the Mayor and Auditor, or be paid by the Treasurer, unless the same has been previously appropriated by a special vote of the City Council; hence the necessity of applying to the City Council for additional means, if from any cause an *original appropriation* falls short. The additional means thus asked for can only be furnished by an *authorized* transfer from some existing appropriation which can spare it, or by a *specific* loan. In this manner the City Council retain a *knowledge and control* of all the expenditures, as none can be made unless an appropriation for the same is expressly authorized by them.

CITY PAYMENTS.

Statement in detail, under appropriate heads, of the Payments made on account of the CITY OF BOSTON, during the financial year 1879-80, by the several departments, Boards, and Committees of the City Government, the balances of receipts over expenditures on account of Cochituate and Mystic Water Works to the Commissioners on the Sinking Funds, including the payments of interest on the debt of the city, the Temporary Loan, the amount paid the Commonwealth of Massachusetts for the City of Boston's proportion of the State Tax and Liquor License Revenue, and City Debt.

The year commencing with the first day of May, 1879, and ending with the last day of April, 1880.

Additional Supply of Water.

Continuation of payments for constructing the conduit from Farm Pond to Chestnut Hill Reservoir, the dams and gate-houses for three reservoirs and land damages.

LAMP DEPARTMENT.

The whole cost of lighting the streets of the city, during the financial year 1879-80, was \$396,753.20 against \$443,336.69 in the previous year. On the 30th of April, 1880, the city was lighted with 10,139 gas, and 2,276 oil lamps, being an increase of 147 gas and of 199 oil lamps, as compared with the previous year.

The lamps are located as follows: —

In City Proper	4,212 gas, and 94 oil.
In South Boston	901 gas, and 454 oil.
In East Boston	601 gas, and 269 oil.
In Roxbury district	1,672 gas, and 20 oil.
In Dorchester district	993 gas, and 533 oil.
In West Roxbury district.	494 gas, and 642 oil.
In Brighton district	363 gas, and 264 oil.
In Charlestown district	834 gas.
In Brookline	62

The prices paid for gas in the public lamps to the several gas companies are, Boston, at the rate of \$1.50 per thousand cubic feet; Roxbury, Charlestown, \$1.87½; South and East Boston, \$2.25; Dorchester, West Roxbury, \$2.75; Brighton, \$2.50 per thousand feet.

The men who clean and light the gas lamps are paid at the rate of 1½ cents per lamp per night, and have an average of one hundred and seven lamps each, except those in Roxbury, Dorchester, West Roxbury, and Brighton districts, who receive one dollar and fifty cents per day.

The underground *service* pipes are laid and kept in repair by the various companies, under the direction of the Superintendent of Lamps, and at the expense of the city, without pecuniary consideration or profit to the companies.

The oil lamps during the past year have been lighted and cleaned by men employed by the Superintendent of Lamps, at the rate of three cents per lamp, per night, for this service.

The oil is purchased of the refiners at the lowest market rates.

The valuation on the preceding pages excludes all the property owned by the city, which is never estimated by the City Assessors.

Real and Personal Property and Income are all taxed at the same rate.

The rate for 1879 was 12.50 on every thousand dollars.

¹ The City of Roxbury, with a valuation of \$26,551,700, united with Boston, 1867, its valuation first taking effect as a part of Boston in 1868.

² The Town of Dorchester, with a valuation of \$20,315,700, united with Boston, 1869, its valuation first taking effect as a part of Boston in 1870.

³ The City of Charlestown, with a valuation of \$35,289,682, the Town of West Roxbury, with \$22,148,600 valuation, and the Town of Brighton, with a valuation of \$14,548,531, annexed to Boston in 1873, their united valuation taking effect in 1874 as a part of the City of Boston.

The following items are not estimated in the foregoing valuation, viz. : —

All houses of religious worship, and the pews and furniture of the same. All tombs, and rights of burial.

The personal property of all literary, benevolent, charitable, and scientific institutions incorporated by the State; and all the real estate belonging to such institutions, *which is actually occupied by them* or their officers for the purposes for which they were incorporated

United States Securities and all shares in Massachusetts corporations owned by individuals.

All property belonging to the United States Government

Imported goods in the hands of the importer while in the original packages

All property belonging to the Commonwealth, except real estate, of which they may be in possession under a mortgage for conditions broken.

The income of all officers holding a commission from the United States Government.

Household furniture of every person, not exceeding \$1,000 in value; and his wearing apparel, and the tools necessary for carrying on his business, under \$300.

The income of all persons from a profession, trade, or employment, to the amount of \$2,000; all income above that amount being taxable.

1879 ⁴	428,777,000	184,545,692	613,322,692	12 50

¹ The City of Roxbury, with a valuation of \$18,265,400 real, and \$3,281,310 personal, total \$21,546,710, united with Boston in 1867, its valuation as a part of Boston taking effect in 1868. The aggregate valuation of Boston and Roxbury in 1867 was \$471,497,800.

² The town of Dorchester, with a valuation of \$12,828,200 real, and \$7,489,500 personal, total \$20,317,700, was annexed this year. Its valuation forms a part of the total valuation of Boston for 1870. The united valuation of the two municipalities for 1869 was \$569,827,300.

³ The City of Charlestown and towns of West Roxbury and Brighton were annexed to Boston in 1873, their valuation taking effect as a part of the city in 1874.

Valuation of Charlestown in 1873 was \$28,016,100 real, \$9,273,582 personal, total, \$35,289,682
 " " West Roxbury " 16,254,350 " 5,894,250 " " 22,148,600
 " " Brighton " 11,964,450 " 2,584,081 " " 14,548,531

The valuation in 1873 of Boston and the municipalities that were annexed to the city in that year was \$765,818,213.

⁴ Included in the total valuation of 1879 was an assessment upon 150 corporations chartered by the Commonwealth of Massachusetts, who were assessed upon a valuation of \$38,488,100 for real estate and \$3,445,200 for machinery. The last item is taxed as personal, and is the only personal estate taxable by local assessors to a Massachusetts corporation.

The valuation of 1879 for personal property can be fairly increased \$22,008,300, in addition to the amount given in the above table for the value assessed by the Commonwealth at the rate of $\$12\frac{7}{10}\%$ per \$1,000, upon shares of Massachusetts corporations, the property of residents of Boston. The State deducts from the value of each share the amount that represents the real estate and machinery locally assessed, and pays over to the city that proportion of the tax that represents the personal property of the corporation.

The valuation can be further increased, say \$1,300,000 for bank stock, assessed at the several rates of the places where the banks are located, as the taxes are paid to Boston as assessments upon this class of property held by its citizens in Massachusetts banks located outside that city.

As the revenue from these two sources is always estimated before the amount to be raised by taxation is determined, the effect of the valuation of this property in reducing the rate of taxation upon the \$613,322,692 assessed by the city is, as nearly as may be, the same as though its amount was included in the Assessors' aggregate, and the taxes were assessed by them.

The total valuation of personal estate which is assessed for all purposes for which the city must raise money by taxation can, for the year 1879, be put at \$207,853,992.

In addition to the taxable valuation, 285 churches, charitable, scientific, and literary corporations hold property exempt by law from assessment, as follows: Value of land, \$10,585,800; value of buildings, \$10,378,600. Total real estate, \$20,964,400; personal estate, \$3,448,500. The City of Boston holds in its corporate capacity (not assessed for city taxes) \$18,141,350 of actual assets available for the payment of liabilities, and \$39,324,191 nominal assets, the character of which is shown in the following copy of the return of the Assessors as of May 1, 1879, to the State Treasurer:—

Large amounts of property held by the residents of or located within the limits of Boston are by law or judicial decisions exempt from all assessments, the principal items being the real estate of the United States and the Commonwealth, United States bonds, imported goods in original packages, the furniture of a family below \$1,000 in value, etc. The proportion of the deposits in the savings-banks of Massachusetts (\$206,378,710, October 31, 1879,) belonging to the residents of Boston is unknown, as the Commonwealth assesses the amount and retains the entire tax for State revenue. But the total valuation of Boston for property that, by existing laws, must be estimated for assessment or for the information of the Legislature is as follows:—

² Chapter 299 of the Acts of the year 1879 requires that the State Tax and County Tax shall be assessed on polls, *provided* that each of such taxes shall not exceed the sum of one dollar (two dollars for the entire tax upon each poll). The excess above the amount so raised must be assessed on property. In the above table the sums stated in the columns of STATE TAX and COUNTY TAX respectively, are the whole amounts required to be raised, and the figures in the columns of RATE, show the amount per \$1,000 for which *property* was assessed to make up the deficiency after the polls had been assessed at one dollar each for State and County purposes.

The principal cities of the United States have each their own system of

SPECIAL ASSESSMENTS.

That of Boston, previous to the enactment of Chapter 174 of the Acts of the year 1866 (generally known as the betterment law), consisted of assessments upon abutters, for the cost of sidewalks for foot passengers upon the public streets, where the owners of estates have failed to construct them;¹ and for three-quarters the expense of construction of new sewers, the city assuming one-quarter the cost. The act of 1866 enables the city to assess upon the owner *one-half the amount* that his estate has been *benefited* by the laying out, widening, or change of grade of any street, after the city shall have first paid all the land and building damages and the full cost of the work. The following table exhibits the character and amount of these special assessments from the year 1860:—

NEW YORK.

A table covering the above years, compiled from official reports, shows the valuation, amount, and rate of taxation of the city of New York for the same time:—

¹ Previous to 1872 the whole cost of sidewalks was assessed upon abutting estates, but Chapter 303 of the Acts of that year limits the assessment to one-half of the cost of construction.

² Full cost assessed to 1872. Half cost subsequent to that date.

³ The entire betterment assessment of 1879 was laid by the Park Commissioners, under authority of Chap. 185 of the Acts of 1875, and was for the benefit to property in the vicinity of the new Public Park (106 acres) in the "Back Bay district."

¹ In January, 1874, the towns of Kingsbridge, Morrisania, and West Farms were annexed to the city of New York. Their real estate valuation of about \$9,500,000 was increased by the authorities of New York City to about \$23,000,000, in order that their assessments might be based upon the same scale of appraisement as the property on Manhattan Island. This increased valuation was included in the tax of 1874.

The figures given above do not include the "special assessments"; they are not given, as there are no data as yet collected by which their detail and amount can be known. That such assessments are laid upon estates for purposes which in Boston are included in the expenditures met by the general tax levy, is well known. That they are considerable in amount, there can be no doubt. That they are sometimes very heavy is evident by the following statement: A lot of vacant land, bounded northerly by 97th street, easterly by Old Broadway, southerly by 96th street, and westerly by "the Boulevard," containing eight house-lots, with a total area of 20,200 square feet, has been specially assessed as follows:—

September 21, 1868	Road or public drive from 59th to 155th st.	\$2,317 00
May 30, 1870.....	Opening St. Nicholas avenue (about four miles distant from the land assessed)	68 00

For the years 1872 to 1876, inclusive, a special assessment was laid on each one thousand dollars as a "*Public Building Tax*." The rate of this special tax for the years 1872 to 1876, inclusive, is included in the table above given, and is stated in detail in the foot-note upon the next page.

In the assessment of 1868, real estate which had previously been assessed at a nominal valuation, was placed at the full market value, and assessments have since been made upon that basis. Several classes of personal property, of large amount, including "moneys at interest" (amounting to \$44,724,925 for 1880), "goods, wares, merchandise and stock in trade," which under the law of Massachusetts are included in the valuation of the cities and towns of the Commonwealth, are, under the laws of Pennsylvania, assessed exclusively for the benefit of the State. The personal property assessed on account of the municipality consists of furniture, horses, cattle, and carriages. An enactment of the legislature of 1868,¹ first taking effect in the levy of 1869, requires a discrimination in the assessment of taxes upon real estate. The suburban

¹ The ordinary levy for 1872 amounted to \$9,841,413, and the tax-rate of \$20 per thousand, but by an act of the Legislature an additional tax, at the rate of 80 cents on the thousand, was authorized for “public buildings.” This tax amounted to \$408,208.

² This amount includes the special building tax of 1873, amounting to \$527,165.00 = \$1.00 per \$1,000.

³ This amount includes the special building tax of 1874, amounting to \$548,244.00 = \$1.00 per \$1,000.

⁴ This amount includes the special building tax of 1875, amounting to \$1,438,210.00 = \$2.50 per \$1,000.

⁵ This amount includes the special building tax of 1876, amounting to \$595,413.37 = \$1.00 per \$1,000.

It is claimed that from 1866 to 1875, inclusive, the appraisement of real estate has been for the market value. The personal estate liable to taxation under the laws of the State of Illinois is substantially the same as that assessed in Massachusetts.

The city of Chicago is made up of three districts or townships, viz., South, North, and West Chicago, — which, in addition to their proportion of the city taxes, as shown in the above table, are assessed for their proportion of State and

¹ Includes railroads. (The amount for 1879, \$1,911,324.)

² The city tax for this year was not extended on this assessment, in consequence of the Court refusing judgment on delinquent real estate for 1874. The city taxes were therefore extended on the State and county assessment, and collected under the provisions of the General Revenue of the State, it being optional with the City Council to either collect under the City Charter or under the General Revenue law. The valuation of 1875 on the State and county basis, was,—

Real estate,	\$125,468,605 00
Personal estate,	48,295,441 00

Total valuation, \$173,764,246 00

The rate of taxation for city purposes on this valuation was \$29.40 per thousand.

county taxes, and for certain local improvements, the city in its corporate capacity not being assessable for these purposes. Railroad property in Chicago is assessed in these several districts. The valuations upon which these assessments are made are reduced by boards of equalization to correspond to assessment values in other parts of the State and county. The tables, which may be found in preceding reports, exhibit the operation of this system.

In addition to the State, county, city, and town taxes, Chicago has a system of special assessments, paid wholly by the real estate benefited by the special improvements, which, for the year ending January 1, 1879, were: —

For wooden pavements,	\$168,848 32

¹ After the great fire in October, 1871, a change in the law for making special assessments greatly reduced their amount. The items omitted were street and alley openings and widenings. In the assessment of 1875 these items again appeared in the list of special taxes, but omitted in 1876; they reappeared in 1877. Since 1875 no levy has been made for gas-service pipes, which formed for many years before that date one of the items of special assessment.

² No special assessments levied this year.

³ The fiscal year, which, in 1875 and previous to that date, ended on the first day of April, was in 1876 closed on the first day of January. The special assessments of that year cover a space of nine months only.

"The City and County of Baltimore have distinct municipal governments; and county taxes must be in addition to those imposed by city authority. By a law passed in 1878 corporations which had previously been exempt upon their property because the shareholders were assessed the full value of the shares, were in 1879 assessed for their real property where located, and the shares were taxed after allowance for real estate assessments had been made. The effect is shown by an increased real and a diminished personal estate valuation.

¹ Under the laws of Ohio real estate is valued, for the purpose of taxation, once in ten years, the new valuations taking effect in 1860 and 1871. The gain of seventeen millions upon this class of property, during the ten years preceding the assessment of 1870, represents the improvement in old and the value of new buildings. The real-estate valuation of the city, as made by the Assessors of 1870, was, in round numbers, \$145,000,000.

¹ For an extended statement of Cincinnati's assessments see report of 1879 and previous years.

This estimate was deemed excessive, and an act of the Legislature was obtained, authorizing local boards to reduce it nineteen (19) per cent. The reduced valuation of the real estate of the city upon which the tax of 1871 was levied was placed at \$123,427,888, and is the *official* if not the *true* valuation of the property. The figures of subsequent years indicate reduced values.

The table which follows shows the amount of taxes levied in this city since 1860, and the rate of tax per thousand for State, county, and city purposes. The column marked "Delinquencies and Forfeitures" is thus explained. Unpaid taxes of former years are added to and form a part of the grand total of each year until they are paid or the several accounts are closed by a sale or otherwise.

LAND AND HOUSES

In Charge of the Joint Standing Committee on Streets.

A small wedge of land, corner of North square and North street, remnant of an estate taken in 1859 to widen this street, containing about 480 feet; about 426 feet of this will be required for the widening of North square, leaving only 54 square feet to be sold.

A gore lot running 62 feet on Water street, containing 393 square feet, occupied by tenant-at-will, at \$1,600.

An estate of 1.072 feet of land on Washington avenue (now High street), purchased of Thomas Gorman, in settlement of damages for the widening and grading of said avenue, and afterwards sold by the city, and returned by the purchaser through his inability to comply with the terms of sale.

Thirty-two square feet of vacant land conveyed to city in settlement with an abutter, and remaining after the widening of Washington avenue, upon the estate.

At the corner of Charlestown and Causeway streets, 114 feet of land, being the remaining portion of the "Heath estate," surrendered to the city by Arioeh Wentworth, under the widening of Charlestown street.

Two parcels of land on Shirley street, Ward 20, left from an estate purchased from John Haven, after the extension of Clifton street through the same, from Hudson street to Shirley at George street, containing together 7,865 square feet.

Six hundred and ninety-nine feet left of an estate at the corner of North street and Hanover avenue, surrendered to the city, under the widening of Hanover avenue, by the Home for Aged Women and the Boston Female Asylum.

An estate of 3,000 square feet of land on West Chester park, at its junction with the proposed extension of Boylston street — acquired in settlement of damages occasioned by extension of West Chester park. Part of the property will be required for Boylston street when it is extended

ISLANDS.

APPLE ISLAND, containing $9\frac{1}{2}$ acres, purchased in 1867 for \$3,750.

GREAT BREWSTER ISLAND, in the town of Hull, containing about 16 acres, purchased in 1848 for \$4,000.

See Property in charge of Board of Directors for Public Institutions, and Board of Health.

COCHITUATE WATER WORKS.

LAKE COCHITUATE. — Situated within the limits of the towns of Framingham, Wayland, and Natick, in Middlesex County. The extreme length of the lake, in a direct line, is $3\frac{1}{2}$ miles, and the breadth of the widest part about 1,800 feet, with a water surface of 800 acres. In addition to the supply in the lake, "Dug Pond," containing $44\frac{1}{2}$ acres, and "Dudley Pond," containing 81 acres, are connected with and form important tributaries to it. The whole circuit of the lake, measuring at its verge when within two feet of high-water mark, is about 16 miles, and the city owns an average width of 5 rods around it, which is held free from taxation; also $1\frac{1}{4}$ acres at the outlet of Dudley Pond. In addition to this, the city owns $23\frac{3}{4}$ acres in Wayland, $72\frac{1}{4}$ acres in Natick, and on the line of the aqueduct, — not including land appurtenant to the Chestnut Hill and Brookline Reservoirs, nor land occupied by and necessary for the protection of the aqueduct, — $27\frac{1}{4}$ acres in Need-

ham, $5\frac{3}{4}$ acres in Newton, $1\frac{1}{2}$ acres in Brookline, which is taxable.

SUDBURY-RIVER CONDUIT. — The Sudbury-river Conduit, extending from Farm Pond, in South Framingham, to the Gate House at Chestnut Hill Reservoir, is 83,912 feet in length. The area of land owned by city on conduit line, 198 acres, and area of reservoirs, 851.5 acres. A section of conduit, 4,170 feet in length, connects Farm Pond with Dam No. 1 on the Sudbury river. The city owns a width on the line of the conduit varying from 80 to 400 feet. In effecting settlements for the land taken for the conduit and storage basins, the Boston Water Board have in many cases purchased land not actually required for the above purposes.

The whole line of the Water Works, extending from Lake Cochituate, and continuing through a brick aqueduct, iron pipes, and stone tunnel, $14\frac{1}{4}$ miles, to a reservoir in Brookline, of about 23 acres of water-surface, and 119,583,960 gallons' capacity.

The "Chestnut Hill Reservoir," situated in the Brighton District, of the capacity of 730,000,000 gallons, with a water-surface of $123\frac{1}{4}$ acres. There are $212\frac{3}{4}$ acres in this whole property, the line of pipe from Chestnut Hill Reservoir to the main near the Brookline Reservoir; also, the land under which are the pipes, being in amount about six acres and a half.

The "Beacon Hill Reservoir," bounded northerly by Derne street, easterly by Temple street, westerly by Hancock street, and southerly by the yards to the dwelling-house fronting on Mt. Vernon street, is built of the most massive description of stone masonry, and is the most costly distributing reservoir owned by the city. It covers about 37,012 square feet of land, and has a mean horizontal water section of 28,014 square feet, and has a capacity of 2,678,961 gallons. Owing to the connection of the Beacon Hill District with the High-Service Pumping Works at Roxbury District, this reservoir is now used for storage, and is connected with the distributing pipes only in case of fire, or accident to the pumping-mains.

The "South Boston Reservoir," on the east side of Telegraph Hill, South Boston, covers, with its embankments, an area of about 126,000 square feet. It resembles in shape a segment of an ellipse, and has a water area when at high-water mark of 70,041 square feet, and a capacity of 7,508,246 gallons. This reservoir is now used in the same manner as the Beacon Hill, and for similar reasons.

The "East Boston Reservoir," on Eagle Hill, East Boston, is bounded westerly by Brooks and southerly by White street. The land covered by and appurtenant to it comprises about 216,027 square feet. Its water area, when at high-water mark, is 44,100 square feet, and its capacity, 5,591,816 gallons.

The "Parker Hill Reservoir," on Parker Hill, Roxbury District, is located on a lot of land, taken under the act of the Legislature authorizing the building of this reservoir, containing 197,614 square feet. It was built specially for the high-service supply, and will hold 7,200,000 gallons above a plane $2\frac{1}{2}$ feet above the bottom of the outflow pipe. The area of the water-surface when

at high-water mark is 64,033 square feet, and its elevation 219 feet above tide-marsh level. A strip of land 25 feet wide, leading from Fisher avenue, and containing 2,887 square feet, was purchased for a route for the pipes to the reservoir.

The main pipes leading from the receiving reservoirs in Brookline, Brighton District, and Newton, to this city, and the distributing pipes laid in the City proper, East Boston, and South Boston, Roxbury, Dorchester, West Roxbury, and Brighton Districts, aggregate in length 372 miles 2,056 feet, varying in size from 3 inches to 48 inches in diameter.

Pipe Yard and Wharf, Albany street, containing 72,920 feet, upon which there are wooden buildings for storage of pipes, etc.; Pipe Yard and Machine Shop, on Federal street, near Summer, with tools and machinery, and other property therein, for the use of the department. This lot contains 9,192 feet, on which is a brick building used as a machine-shop. The original cost of the establishment, including tools and machinery, stables, etc., was about \$30,000. In 1870, after the fire, two stories were added to the building, and general repairs made, at a cost of \$6,848.50. Building on Elmwood street and place, on a lot of 5,563 square feet, in which are the pumping-engines for supplying water to the highest parts of the city, by means of the stand-pipe erected on Highland Park, formerly known as the "Fort Lot," between Beech Glen and Fort avenue. This lot was placed in charge of the Cochituate Water Board by an order of the City Council of 1870. It contains 114,360 square feet.

The report of the Boston Water Board to the City Council, for the financial year 1879-80, contains an account of the water-pipes and other stock on hand at that date. Also a full statement of the condition of the works.

The cost of construction of these works to the city, up to the 30th April, 1880, is \$16,341,908.25.

MYSTIC WATER WORKS.

The upper portion of Mystic lake, which is the source of supply, is situated in the towns of Medford, Arlington, and Winchester, $6\frac{1}{2}$ miles from Charlestown square. It has an area of about 200 acres when flowed to the level authorized by the act to take water, and a storage capacity at that level of 380,000,000 gallons. The area of country forming the drainage-basin is 27.75 square miles. To convey the water of the lake to the citizens the works consist of dam and overfall; conduit with its appurtenant gate-houses, waste-weir and ventilator; cast-iron mains under Mystic river; engine-house; pumping-engines; force-mains; reservoir with influent and effluent chambers; supply mains and city distribution pipes, hydrants, gates, etc.

The dam is 1,560 feet long, built of earthwork and masonry, and its height is 11 feet above high-water mark of Boston Harbor. The conduit is 7,450 feet in length, constructed of hydraulic brick

●

masonry 8 inches thick. It is oviform in shape, 5 feet 8 inches high, and 5 feet wide, interior dimensions. The cast-iron mains, two in number, conveying the water from the pipe-chamber at the end of the conduit to the engine-house, are 487 feet long and 3 feet in diameter.

The engine-house is situated on the southerly bank of and about 200 feet from the Mystic river.

It is a substantial building, 120 feet long and 58 feet wide, constructed of faced brick and freestone, and embraces under one roof the boiler and engine rooms, repair-shop, and pump-well. The lot of land about the engine-house is about 12 acres, and upon a portion of it is a dwelling-house for the engineers, and also a stable. Connected with the engine-house is a brick and stone coal-shed, having a capacity of 1,000 tons.

In the engine-house are three of Worthington's Duplex Pumping-Engines, two of 5,000,000 gallons each, and one of 8,000,000 gallons capacity per 24 hours. Eight boilers supply the steam for pumping the water.

The force-mains are of cast-iron, each 30 inches in diameter and 3,277 feet in length. The reservoir is on Walnut Hill, in Medford, near Tufts College.

Its water-surface covers an area of $4\frac{1}{2}$ acres, being nearly a parallelogram in shape, 560 feet by 350 feet.

High-water line is 147 feet above tide-marsh level, and at this grade its capacity is 26,244,415 gallons.

The whole lot of land connected with the reservoir belonging to the city is about $10\frac{1}{2}$ acres.

The whole length of distribution pipes in Charlestown is about 30 miles. The whole length of distribution pipes supplied by the Mystic works is about 170 miles. The city owns also a lot of land containing 12,807 square feet, on Medford street, with a substantial brick stable upon it. This land is used for a pipe-yard.

MYSTIC SEWER.—The Mystic sewer extends from Prospect street in Woburn to Lower Mystic pond in West Medford, a distance of 18,892 feet. The sewer was built to intercept the objectionable drainage from the tanneries, and discharge it into the lower pond at the head of tide water.

The area of land taken under the act of the Legislature for the construction of the sewer and branch drains was 97,245 square feet. Original cost of the water works, \$1,460,000, and, in making up the account, interest on *all* the money used was charged to construction; cost of Mystic sewer to May 1, 1880, \$108,245.64, making total cost, \$1,614,648.10.

PUBLIC INSTITUTIONS.

The following property is under the charge of the Board of Directors for Public Institutions: —

DEER ISLAND. — Containing about 134 acres of upland, and about 50 acres of flats, on which is the large brick building known as the HOUSE OF INDUSTRY. Also a wooden house occupied as a House of Reformation for Girls, a brick school-house for truant boys and a wooden one for pauper girls, a farm-house, brick workshop and receiving-house, laundry, bakery, and engineer's house, piggery, two large barns, and other buildings; steamboat wharf and another landing-place; stone sheds, farming utensils, live stock, merchandise, provisions, tools, etc., required for carrying on the House of Industry and Reformation and Almshouses. In 1879-80 the wharf was rebuilt at an expense of \$6,852.38, and the wooden building in rear of the main building of House of Industry was replaced by one built of brick, the expense being \$15,989.90.

RAINSFORD ISLAND (with the buildings thereon), purchased in 1871 of the Commonwealth, at a cost of \$40,000, containing 11 acres. The buildings are occupied by male paupers.

HOUSE OF CORRECTION AND LUNATIC HOSPITAL. — These institutions occupy an area of 631,700 feet of upland, to which is appended about 1,310,700 feet of flats, which, with the workshops, outhouses, and other appendages, the furniture, farming and mechanics' tools and utensils, fire-engines, provisions, stock on hand for manufacturing and other purposes, horses and other live

stock belonging to the city. There is in the House of Correction workshop a good steam-engine of twenty horse-power and boiler, with shafting, etc., for carrying the machinery of the contractors, and the necessary apparatus for heating the prison workshops and chapel with steam.

NEW LUNATIC HOSPITAL. — Site for a new Lunatic Hospital in the town of Winthrop, containing about $181\frac{1}{2}$ acres, costing \$28,108.33. In addition to this amount, \$22,067.77 have been expended for plans for the buildings and sundry items, principally taxes on the land paid to the town of Winthrop.

ALMHOUSE, ALFORD STREET, CHARLESTOWN DISTRICT, is situated on a lot containing 104,191 feet, near the Everett line, a short distance from the Malden bridge. The building is of brick, built in 1849; is 100 feet long by 45 feet wide, $3\frac{1}{2}$ stories high, with two wings, 39 feet by 19 feet. There are a large barn and other outbuildings.

ALMHOUSE, AUSTIN FARM (WEST ROXBURY DISTRICT). — The site purchased by the city for a Home for the Poor, known as the "Austin Farm," contains about 50 acres, and is bounded on the easterly side by Back street, on the southerly side by Morton street, on the westerly side by Canterbury street, and on the northerly side by Austin Terrace, so called. On this estate are a house occupied by female paupers, barn, ice-house, and sheds. In 1879-80 an extension was added to the main building, which will accommodate 100 inmates, at an expense of \$14,998.99.

MARCELLA-STREET HOME. — Building formerly occupied by the city of Roxbury as an almshouse. Additions and alterations were made in 1876-77, at a cost of \$37,282.91, for the accommodation of pauper boys and neglected male children. Contents of lot, 152,000 square feet. New buildings are in process of construction for the pauper and neglected girls now at Deer Island.

STEAMBOAT "J. PUTNAM BRADLEE." — This boat is 340 tons burthen, 140 feet long, 26 feet 3 inches beam, 45 feet breadth over all, 8 feet 6 inches deep, and was built at Greenpoint, L.I., in 1875. Cost, including outfit, \$43,836.19. Used for conveying prisoners, passengers, provisions, etc., to and from the city to the Deer and Rainsford Island institutions.

HEALTH DEPARTMENT.

The following property is in charge of the Superintendent of Health:—

SOUTH CITY STABLES, SHOP, AND SHEDS.—Situated on Albany street, on the South Bay territory, opposite Newton street. The lot belonged to the city before being used for this purpose, and contains 90,780 feet. The stables and buildings connected therewith are of brick. There are also on the premises five wooden sheds, used for storing wagons, etc. The stable is two stories high, with French roof, and has accommodations for 100 horses. Total original cost, exclusive of land, \$79,089.23.

Connected with the stables are blacksmith, wheelwright, painter, and harness-makers' shops, with all the necessary tools, in which the wagons, carts, harnesses, etc., used by the department, are constructed and kept in repair.

OFFAL DEPOT.—Erected in 1864 on the wharf fronting on Albany street, opposite Brookline street, on the other side of the dock from that used by the Paving Department. The lot which the building occupies, and the yard attached to the same, contain 32,520 feet, and belonged to the city before being used for this purpose. Total original cost of building, \$18,578.89. This building is used for the deposit of house-offal daily collected in the city carts, and which is thence conveyed without the limits of the city proper by purchasers of the same.

WEST STABLE AND SHEDS, NORTH GROVE STREET.—The stable is a brick building, a story and a half high, 128 feet by 50, located on North Grove street, built in 1860, with suitable outbuildings attached to the same. It has accommodations for 54 horses. The lot contains about 33,600 feet.

HIGHLAND STABLE, with accommodations for 60 horses on the old Almshouse lot, Highland street, containing 80,000 square feet. A part of this stable and adjoining lot is used by the Paving Department. There is on this lot a brick stable, which cost \$89,594.13. On this lot is an offal-shed, erected in 1875 at a cost of \$1,160.12.

In 1875 there was a stable erected for 21 horses, on Rutherford avenue, Charlestown District, at a cost of \$5,083.07. Shed and out-buildings, built in 1879. Contents of lot as claimed by city, 34,000 square feet.

The Superintendent of Health has charge of the city stables, horses, carts, wagons, etc., necessary for the business of keeping the streets and places clean, collecting the house-offal, house-ashes, dry dirt, etc. The estimated value of the whole property is about \$95,000.00.

Prisoners are conveyed to and from the institutions at South Boston, and to the Deer Island steamboat, by vehicles furnished by this department.

BOARD OF HEALTH.

The following property is in charge of the Board of Health:—

TRUST FUNDS.

OVERSEERS OF THE POOR'S FUNDS.

Trust Funds in the hands of the Overseers of the Poor, Thomas C. Amory, *Chairman*, Frederic W. Lincoln, *Treasurer*, April, 30, 1880.

PEMBERTON FUND. — This Fund comprises bequests and gifts made to the City of Boston, from 1760 to the present time, from "A. B.," Daniel Oliver, Margaret Blackader, Alice Quick, Annie Wheelwright, Mary Ireland, Benjamin Pemberton, Martha Stevens, Mrs. H. Driscoll, William Breed, Samuel Eliot, John Coffin Jones, Mary Belknap, "A Citizen of Boston," Anonymous, Dr. Harriot K. Hunt, and George Higginson. The most important, however, of the bequests was from BENJAMIN PEMBERTON, whose will was proved June 25, 1782; and for that reason his name has been given to the fund. The income of this fund is to be expended, at the discretion of the Overseers, in semi-annual payments, to the poor of this city. The amount of this fund, April 30, 1880, was \$101,201.30.

BOYLSTON FUNDS. — These funds were from a bequest by JOHN BOYLSTON, who died in London. His will was proved June 12, 1795. One portion of the bequest is ordered to be paid to "Poor and decayed householders of the Town of Boston," "not under fifty years of age," "persons of good character, and reduced by the act of Providence, not by indolence, extravagance, or other vice." The other portion to be applied to "nurture and instruction of Poor Orphans and Deserted Children of the Town of Boston until fourteen years of age."

The Boylston Relief Fund amounted, April 30, 1880, to \$18,557.67.

The Boylston Education Fund amounted, April 30, 1880, to \$112,314.39.

MASON FUND — Was a bequest of JONATHAN MASON, by will dated July 15, 1798. Interest to be paid annually to the Chaplain of the Almshouse or Workhouse. Interest to be added until one is appointed. The interest is now paid annually towards the salary of the Chaplain of the House of Industry. Amount of Mason Fund, April 30, 1880, \$8,409.50.

DEXTER FUND — Was a bequest of SAMUEL DEXTER, by will dated May 7, 1811, for supplying firewood or coal to such objects of charity as are not supported in the Almshouse, though sometimes relieved by the Overseers of the Poor. Amount of Dexter Fund, April 30, 1880, \$2,757.21.

JEFFRIES FUND — Was a bequest of DAVID JEFFRIES, former Town Treasurer. Will dated January, 1786. Income to be applied to the purchase of tea and coffee, chocolate and sugar, for the refreshment of those persons who, in the Providence of God, are or shall be obliged to seek refuge in the Almshouse, after having lived reputably, but always giving preference to the pious poor. Amount of Jeffries fund, April 30, 1880, \$2,677.75.

LUCY BULLMAN CHARITY — Consists of an estate on Cambridge and Joy streets, in this city, which came into the possession of the City of Boston in 1872, in accordance with the will of Lucy Bullman, proved at Probate Court, Suffolk County, Jan. 9, 1832; in which it is provided that, upon the death of certain persons therein named, said estate is given to the City of Boston upon condition that the estate never be sold, but the income used for the benefit of the poor. The estate is valued at about \$10,200.00. Funds on hand, \$9,347.62.

By a vote of the City Council, approved by the Mayor Jan. 4, 1873, this estate was placed in charge of the Overseers of the Poor.

DAVID SEARS CHARITY. — This is a fund contributed by the late DAVID SEARS, for the relief of the poor.

The amounts formerly held in the Fifty Associates Charity and the Searstan Charter House have been transferred to this fund.

This fund has been largely increased by an amount received from the Donation Fund, established by Mr. Sears, of which the Fifty Associates were actuaries, and the total amount of "The David Sears Charity," April 30, 1880, was \$255,966.97.

PIERCE FUEL FUND. — Legacy left to the city of Charlestown, by the late CALEB PIERCE, who died September 7, 1860, and which was accepted by the Charlestown City Council, May, 1861. Income to be expended in purchasing fuel for indigent widows, whose husbands had resided in Charlestown at least one year before their decease, said widows still continuing to reside in Charlestown. Amount of fund April 30, 1880, \$1,500, invested in City of Boston note, and \$46.34 interest on hand.

HOLTON PROTESTANT POOR FUND. — Legacy left to the town of Brighton by the late JAMES HOLTON, in 1863, will probated June 9, 1863. Income to be expended in purchasing and distributing provisions among poor and indigent Protestant families in said town of Brighton, on Thanksgiving and other holidays, or just previous to such holidays. Unmarried Protestant females to receive a liberal share. Amount of fund April 30, 1880, \$1,425, invested in Town of Brighton bond. Accrued interest, \$55.65. Total, \$1,480.65.

HOLTON PROTESTANT PAUPER FUND. — Legacy left to the town of Brighton by the late JAMES HOLTON, for the purpose of furnishing good and plentiful meals to the Protestant paupers of Brighton, on Thanksgiving Day, or other holidays. Amount of fund April 30, 1880, one certificate of indebtedness of Town of Brighton, \$1,615.60. Accrued interest, \$590.55. Total, \$2,206.15.

STOUGHTON POOR FUND. — Bequest of Lieut. Gov. William Stoughton, who died July 7, 1701. By his will he gave £50 to the relief of the poor of Dorchester, to be improved by the care of the

selectmen, and the income to be distributed to the most needy inhabitants. Amount of fund April 30, 1880, \$1,000, invested in City of Boston note, in charge of city treasurer. Amount of income in hands of Overseers of the Poor, \$161.82.

POLICE CHARITABLE FUND.

The City Council passed an ordinance, July 31. 1878, to take effect on its passage, providing that all moneys earned by police officers for fees as witnesses, except one witness fee a day in the Supreme or Superior courts, shall be kept as a separate fund, and be invested and managed by the Mayor, Treasurer, and Auditor of the city for the time being, who shall be trustees thereof. The income of the said fund shall be applied to the relief of persons who have received an honorable discharge from the police force by reason of sickness, age, or other inability, and who are, in consequence thereof, in necessitous circumstances; and also to the relief of the widows and orphans, in necessitous circumstances, of police officers who have died while in the service of the city. Said trustees may make such rules and regulations for the appropriation and disbursement of the interest of said fund as they may deem expedient; subject, however, to such orders or ordinances as the City Council may from time to time adopt.

The trustees consist of the Mayor, Frederick O. Prince, the City Treasurer, Charles H. Dennie, and the Auditor of Accounts, Alfred T. Turner; Frederick O. Prince, Chairman, and Alfred T. Turner, Treasurer and Secretary.

Invested in one certificate of indebtedness of the town of Brighton, \$100 00

FRANKLIN FUND.

This is a fund for the encouragement of young mechanics. Dr. BENJAMIN FRANKLIN, in his will, gave the inhabitants of Boston, in 1791, £1,000 sterling, which he directed to be loaned in sums of not more than £60 or less than £15, to one applicant, at five per cent. interest; to be repaid in annual instalments of 10 per cent. each. These loans are restricted to "Young Married Artificers, under the age of twenty-five, who have faithfully served an apprenticeship in Boston, so as to obtain a certificate of good moral character from at least two respectable citizens, who are willing to become their sureties in a bond for the repayment of the money."

Dr. Franklin calculated (not anticipating any losses) that the one thousand pounds would increase, in the course of one hundred years, to one hundred and thirty-one thousand pounds (\$582,000); and of this amount he would have the managers lay out £100,000 in public works; and the remaining £31,000 he would have continue on interest for another term of one hundred years, at the end of which time he calculated that the fund would be \$4,610,000; of which \$1,610,000 was to be at the disposition of the inhabitants of the town of Boston, and the balance to the Government of the State.

The Trustees under the Will are the Selectmen (now Board of Aldermen), united with the ministers of the oldest Episcopalian, Congregational, and Presbyterian Churches in the Town of Boston. The first loan was made May, 1791.

The Treasurer of the Fund, SAMUEL F. MCCLEARY, in his annual report to the trustees, makes the statement of the condition, Feb. 1, 1880, viz.:—

SCHOOL TRUST FUNDS.

CHARLESTOWN SCHOOL TRUST FUNDS. — The Legislature of Massachusetts on the 27th of March, 1793, passed an Act to incorporate Richard Devens, Nath'l Gorham, Josiah Bartlett, Aaron Putnam, Joseph Hurd, Nath'l Hawkins, Seth Wyman, and their successors, Trustees of the Charlestown Free School. On the 18th of April the same year, it was "Voted that the Town Treasurer deliver to Aaron Putnam, Esq., Treasurer for the Trustees of the Charlestown Free Schools, all the money, bonds, notes of hand, etc. (being the property of said free schools), that now are, or may come into his, the Town Treasurer's hands.

"By the preamble of the act creating the corporation the object appears to have been a more convenient administration of certain real and personal property that had been bequeathed to the town for the use of the public schools, and prevent it from being indiscriminately mixed with other property or funds of the town, and so lost to the specific use for which it was given."

The charter of the City of Charlestown, after prescribing the manner of electing the School Committee, provides that the persons thus chosen shall have "all the powers and privileges, and be subject to all the liabilities set forth" in the Act to incorporate certain persons by the name of the Trustees of Charlestown Free Schools; the act of annexation to Boston provided for the continuance of this corporation, in the members of the School Committee of the City of Boston from the Charlestown District.

By an Act approved March 13, 1877, the School Committee were incorporated and authorized to receive the Charlestown School Trust Fund, to "manage said Fund and disburse the income thereof within the limits of the former City of Charlestown, according to the tenor of the instruments creating said trust."

The following is a statement of the funds, Jan. 1, 1880, from the Treasurer, ABRAM E. CUTTER:—

STOUGHTON SCHOOL FUND. — This is a bequest of Gov. WILLIAM STOUGHTON, who died at Dorchester, July 7, 1701, and the following extract from his will furnishes the purposes for which it was made: "Unto the Schools of Dorchester I give the sum of one hundred and fifty pounds, to be secured and settled under improvement for a yearly income towards the advancement of the salary of the schoolmaster, wherein my will is, that if within the space of ten years next following the date of this my last will, the town of Dorchester shall not have provided and settled such a salary of their own proper gift as shall make up the present salary, already settled to be and continued to the full value of £40 a year; in that case, I say, my will is, that until they shall have provided and settled a salary of that value of £40 a year, the whole improvement of this, my gift, shall yearly be paid to the steward of Harvard College, in Cambridge; and, at the discretion of the President and Fellows thereof, be given toward the encouragement of some well-deserving student there, coming from and belonging to the town of Milton, if any such there be, otherwise to some other that may deserve it."

The terms of this bequest were complied with by the authorities of the town of Dorchester. This fund was received from the Treasurer of the town of Dorchester, by the terms of the Act of Annexation of said town to Boston, and stands as follows: —

16 shares State National Bank,	\$1,600 00

PUBLIC LIBRARY FUNDS.

BIGELOW FUND. — This is a donation made by the late JOHN P. BIGELOW, in August, 1850, when Mayor of the city.

The income from this fund is to be appropriated to the purchase of books for the increase of the library.

Invested in one certificate of City of Boston Six per cent. Stock, for \$1,000 00

Payable to the Chairman of the Committee on the Public Library for the time being.

BATES FUND. — This is a donation made by the late JOSHUA BATES, of London, in March, 1853.

Invested in one certificate of City of Boston Six per cent. Stock, for \$50,000 00

“The income only of this fund is to be, each and every year, expended in the purchase of such books of permanent value and authority as may be found most needful and most useful.” Payable to the Mayor of the city for the time being.

PHILLIPS FUND. — This is a donation made by the late JONATHAN PHILLIPS, of Boston, in April, 1853.

Invested in one certificate of City of Boston Six per cent. Stock, for \$10,000 00

The interest on this fund is to be used exclusively for the purchase of books for the said Library.

Also a bequest by the same gentleman, in his will, dated 28th September, 1849.

One certificate of City of Boston Six per cent. Stock, for \$20,000 00

The interest on which is to be annually devoted to the maintenance of a Free Public Library.

Both of these items are payable to the Mayor of the city for the time being.

Mr. Phillips died on the 29th of July, 1860, at the age of 82, and the latter sum was realized by the city in April, 1861.

LAWRENCE FUND. — This is the bequest of the late ABBOTT LAWRENCE, of Boston.

Invested in one certificate of City of Boston Six

per cent. Stock, for

\$10,000 00

The interest on this fund is to be exclusively appropriated for the purchase of books for the said library, having a permanent value.

PIERCE FUND. — This is a donation made by HENRY L. PIERCE, Mayor of the city, Nov. 29, 1873, and accepted by the City Council, Dec. 27, 1873. Mr. Pierce, in his letter to the Trustees of the Library, says:—

“Desiring to indicate my interest in the continued progress of our library, I ask leave to contribute to its funds the sum of five thousand dollars. It is my wish that this sum shall be used by the trustees for the purchase of books of a permanent value for the Bates Hall collection, but it is immaterial to me whether it be funded, and the interest of the same annually expended, or whether it be applied either now, or at some future time, to the acquisition of some special collection, either of works relating to the history of this continent, or of science, or of art. In this way I hope to leave both principal and interest entirely at the disposal of the trustees, to be employed in such manner as may in their judgment most advance the value of our great library.”

Invested in one certificate of City of Boston Six

per cent. Stock,

\$5,000 00

TOWNSEND FUND.—This is a donation from William Minot and William Minot, Jr., executors of the will of MARY P. TOWNSEND, of Boston, at whose disposal she left a certain portion of her estate in trust, for such charitable and public institutions as they might think meritorious. Said executors accordingly selected the Public Library of the City of Boston as one of such institutions, and attached the following conditions to the legacy: “The income only shall in each and every year be expended in the purchase of books for the use of the library; each of which books shall have been published in some one edition at least five years at the time it may be so purchased.”

Invested in one certificate of City of Boston Five per

TICKNOR BEQUEST. — By the will of the late GEORGE TICKNOR, of Boston, he gives to the City of Boston, on the death of his wife, all his books and manuscripts in the Spanish and Portuguese languages, about four thousand volumes, and also the sum of four

thousand dollars. After the receipt of said sum, the city is required to spend not less than one thousand dollars in every five years, during the twenty-five years next succeeding (*i.e.*, the income of four thousand dollars, at the rate of five per cent. per annum), in the purchase of books in the Spanish and Portuguese languages and literature. At the end of twenty-five years the income of the said sum is to be expended annually in the purchase of books of permanent value, either in the Spanish and Portuguese languages, or in such other languages as may be deemed expedient by those having charge of the library. The books bequeathed or purchased are always to be freely accessible for reference or study, but are not to be loaned for use outside of the library building. If these bequests are not accepted by the city, and the trusts and conditions faithfully executed, the books, manuscripts, and money are to be given to the President and Fellows of Harvard College.

In order that the city might receive the immediate benefit of this contribution, Anna Ticknor, widow of the donor, relinquished her right to retain during her life the books and manuscripts, and placed them under the control of the city, the City Council having previously accepted the bequests in accordance with the terms and conditions of said will, and the Trustees of the Public Library received said bequests on behalf of the city, and made suitable arrangement for the care and custody of the books and manuscripts.

FRANKLIN CLUB FUND.

Invested in one certificate of City of Boston Six per

cent. Stock, for

\$1,000 00

This is a donation made in June, 1863, by a literary association of young men in Boston, who, at the dissolution of the association, authorized its trustees, Thomas Minns, John J. French, and J. Franklin Reed, to dispose of the funds on hand in such manner as to them should seem judicious. They elected to bestow it on the Public Library, attaching to it the following conditions: "In trust, that the income, but the income only, shall, year by year, be expended in the purchase of books of permanent value for the use of the free Public Library of the city, and, as far as practicable, of such a character as to be of special interest to young men." The trustees expressed a preference for books relative to Government and Political Economy.

TREADWELL BEQUEST. — By the will of the late DANIEL TREADWELL, of Cambridge, late Rumford Professor in Harvard College, who died February 27, 1872, he left the residue of his estate, after payment of debts, legacies, etc., in trust to his executors, to hold during the life of his wife for her benefit, and after her decease to divide the residue then remaining in the hands of the trustees as therein provided, and convey one-fifth part thereof to the Trustees of the Public Library of the City of Boston.

The City Council have accepted said bequest, and authorized the Trustees of the Public Library to receive the same, and invest it in the City of Boston Bonds, the income of which is to be expended

by said trustees in such manner as they may deem for the best interests of the Library.

HARRIS FUND. — Bequest of CHARLOTTE HARRIS, late of Boston, the object of which is stated in the following extract from her will : "I give to the Charlestown Public Library \$10,000.00, to be invested on interest, which interest is to be applied to the purchase of books published before 1850. I also give to said Public Library my own private library, and the portrait of my grandfather, Richard Devens." Bequest accepted by City Council, July 31, 1877.

Invested in one Certificate of City of Boston Six per cent. Stock, \$10,000.00.

GREEN FUND. — Donation of Dr. SAMUEL A. GREEN, the income of which is to be expended for the purchase of books relating to American history.

Invested in one certificate of City of Boston Five per cent. Stock, \$1,000.00.

SOUTH BOSTON BRANCH TRUST FUND. — Donation of a Citizen of South Boston, the income of which is to be expended for the benefit of the South Boston Branch Library; invested in a certificate of City of Boston Five per cent. Stock, \$100 00

Besides the preceding, the following donations have been made to the Public Library, and the amounts have been appropriated for the purchase of books, according to the intention of the donors, viz. : —

CITY HOSPITAL FUNDS.

GOODNOW FUND. — ELISHA GOODNOW, of South Boston (formerly Ward XII.), who died in the year 1851, and whose will is dated 12th of July, 1849, bequeathed to the city "all the rest and residue of his estate, real and personal, not otherwise disposed of," for the purpose of establishing, in the Eleventh or Twelfth Wards of the city, a Hospital for the sick; one-half of said funds to be applied for the establishment and maintenance of free beds, which should always be at the disposal and under the control of the Officers of the Government of said Hospital for the time being. Under this will the city came into possession of certain real estate, situated on Cross street, which has been disposed of, and has produced the sum of \$16,500, which has been invested in City of Boston Six per cent. Stock. Also a lot of land on Third street, South Boston, containing 6,683½ feet, which was disposed of in 1867 for \$4,633.25, of which \$4,000 has been invested in City of Boston Five per cent. Stock, and the balance (\$633.25) remained in the City Treasury, at interest, until it amounted to \$1,000, and was invested in a City of Boston Six per cent. Currency Note.

NICHOLS FUND. — LAWRENCE NICHOLS, who died in September, 1862, made the following bequest to the city: "I give to the City of Boston, towards the establishment and endowment of a City Hospital, in case such hospital shall have been established at the time of my decease, the sum of one thousand dollars." And in case such hospital should not have been established by the city at the time of his decease, he directed the same amount to be deposited with the Massachusetts Hospital Life Insurance Company, and

suffered to accumulate, by the addition of interest, until such a Hospital should be established.

The executor of the will, William Perkins, has paid into the treasury nine hundred and thirty-seven dollars and twenty-five cents (\$937.25), being the amount devised, less the *Internal Revenue Tax* on the same, and \$530.50, as one of the "*residuary legatees in the United States*," from the surplus remaining undisposed of. The \$937.25, with the accumulated interest thereon, has been invested in a certificate of City Stock for \$1,000. The balance, \$530.50, remained at interest until it amounted to \$1,000, and was invested in a City of Boston Six per cent. Currency Note.

APPROPRIATIONS

FOR THE FINANCIAL YEAR 1880-1881,

And an estimate of the Ways and Means of meeting the same.

By the sixth section of the Ordinance on Finance, the Auditor of Accounts is required to lay before the City Council, in the month of February, annually, an estimate of the amount of money necessary to be raised to meet the expenditures of the then ensuing financial year, under the respective heads of Appropriation, together with an estimate of the Ways and Means of paying the same.

Such estimates were duly made, and laid before the City Council; they were referred to a special committee, by whom an order was reported which finally passed the City Council.

That order was in substance as follows: —

It is hereby ordered by the City Council, That to defray the expenditures of the City of Boston and the County of Suffolk, for the financial year commencing with the first day of May, 1880, and ending with the last day of April, 1881, the following sums of money be and the same are hereby respectively appropriated for the objects and purposes explained in the Auditor's Estimates and in the applications of the various Committees and Boards.

And it is further ordered, That no money shall be expended, and no debt be incurred, for any object or purpose for which a specific appropriation is herein made, beyond the amount which is so specifically appropriated, except as herein authorized; *provided, however,* that any sums of money which may be subscribed or contributed by individuals, to promote the object of any of the foregoing appropriations, and which form no part of the estimated income of the city, shall be strictly applied, according to the intention of the contributors, and shall be credited to said appropriation accordingly; that is to say: For

		\$686,967 30	\$49,517 00	\$82,458 95	\$554,991 35

Of the sums reported above as uncollected, there are secured by deeds for the sale of the real estate for unpaid Betterments, deposited with the City Auditor, the following amounts:—

Of the assessments of 1875	\$17,936 67
" " 1873	895 13
" " 1872	1,675 00
" " 1871	400 00
	<u>\$20,906 80</u>

The collection of a considerable proportion of the unpaid Betterments is delayed by suits brought against the city for reduction of the assessments. The several cases now pending involve assessments to the amount of \$110,393.61, as follows:—

Assessments for the year 1875	\$58,730 00
" " 1874	22,700 00
" " 1873	2,500 00
" " 1872	2,915 00
" " 1869	23,548 61
	<u>\$110,393 61</u>

In the above column of unpaid Betterments are also included the assessments upon property, now the site of the United States Post-Office. In November, 1877, the City Government petitioned Congress for payment both of Betterments and Taxes, but the claim has not been allowed. Amount of Betterments due on Post-Office property, \$50,500.00.

CITY OF BOSTON.

IN BOARD OF ALDERMEN, July 6, 1880.

The Joint Standing Committee on the Treasury Department, to whom were referred the accounts of the City and County Treasurer and the City Collector, for the year ending April 30, 1880, having completed the examination of the accounts, beg leave to submit their report as follows:—

The accounts of both the Treasurer and Collector were found to correspond with the receipts and vouchers on file. The cash on hand in the Treasury, and the bank deposits, were examined and found to be correct. The Treasurer's trial balance, of same date, was found to be correctly taken off, and accompanied by the proper vouchers. The cash held by the Treasury Department for amounts outstanding upon pay-rolls was examined and found to be correct. The Collector's report of collections on account of the City of Boston and County of Suffolk was examined, and the items have been placed to the credit of the several accounts to which they belong.

The total amount of the collections agrees with the amount received for by the Treasurer. The Collector's trial balance to April 30, 1880, was examined and proved correct, and the amount of collections from May 1 to May 1 was found to agree with the amount received by the Treasurer during that time. The amount of outstanding bills, bonds, etc., as certified to by the Auditor of Accounts, corresponded with the Collector's trial balance. The bonds for public improvements and public lands and the abatements upon the same were found to be correct.

Respectfully submitted,

CHARLES V. WHITTEN,

Chairman on the part of the Board of Aldermen.

FRANCIS E. SWEETSER,

Chairman on the part of the Common Council.

IN BOARD OF ALDERMEN, July 6, 1880.

Read and accepted. Sent down for concurrence.

HUGH O'BRIEN,

Chairman.

IN COMMON COUNCIL, July 8, 1880.

Concurred.

the 1990s, the number of people with a mental health problem has increased by 50% (Mental Health Foundation 1999). The prevalence of mental health problems in the UK is estimated to be 10% (Mental Health Foundation 1999).

There is a growing awareness of the need to address the needs of people with mental health problems. The Department of Health (1999) has published a strategy for mental health care, which aims to improve the lives of people with mental health problems. The strategy is based on the following principles:

- People with mental health problems should be treated as individuals, with their own needs and wishes.
- People with mental health problems should be given the opportunity to participate in decisions about their care.
- People with mental health problems should be given the opportunity to live in the community.

The strategy also aims to improve the lives of people with mental health problems by addressing the following issues:

- Improving the lives of people with mental health problems by addressing the needs of the community.
- Improving the lives of people with mental health problems by addressing the needs of the family.
- Improving the lives of people with mental health problems by addressing the needs of the workplace.

The strategy also aims to improve the lives of people with mental health problems by addressing the following issues:

- Improving the lives of people with mental health problems by addressing the needs of the community.
- Improving the lives of people with mental health problems by addressing the needs of the family.
- Improving the lives of people with mental health problems by addressing the needs of the workplace.

The strategy also aims to improve the lives of people with mental health problems by addressing the following issues:

- Improving the lives of people with mental health problems by addressing the needs of the community.
